Privacy Notice & Data Protection

Who we are: This survey is managed by Niburu London Ltd.

We are collecting this information to demonstrate local support for the purchase of

58–60 Silver Street, Enfield, London EN1 3EP and the adjoining car park at Church Lane as an Asset of Community Value.

Why we need your data and our lawful bases:

We collect and use your information under different legal rules depending on how it is used:

- **To Verify Local Support** (Lawful Basis: Legitimate Interests): We collect your name, postcode, and organisation name (if applicable) to prove to potential grant funders (such as the National Lottery or the Community Ownership Fund) that there is genuine demand from the immediate local population.

- **To Keep You Updated** (Lawful Basis: Consent): If you actively opt-in on our form, we will use your email address to send you progress updates about the building buyout, funding applications, and ways you can get involved.

- **Optional Demographic Data** (Lawful Basis: Explicit Consent): If you choose to share further personal data—including age, ethnicity, gender, and health conditions—this will be used strictly to provide additional evidence of community diversity and need to potential funders. Providing this information is entirely optional and will not affect your submission.

How we protect and share your data:

- Anonymised Sharing: When we share support figures with potential funders, we will only share aggregated, anonymous statistics (e.g., "We received 150 expressions of interest from residents within the EN1 postcode area" or "15% of respondents identified as having a long-term health condition"). We will never share your individual contact information or personal identity with third parties.

- Security: Your personal details will be stored securely on encrypted systems and will only be accessed by core project committee members. We will never sell your details.

- Retention: We will hold your data for the duration of the funding and asset purchase project, up to a maximum of 2 years, after which it will be securely deleted.

Your Rights:

You have the right to view the data we hold about you, ask us to correct mistakes, or request that we delete your information at any time. Where you have given consent (for email updates or demographic data), you have the right to withdraw that consent at any time.

To exercise any of your rights, please contact us at christine@niburulondon.com.
