14. Reporting Procedures for the Protection of Children and Vulnerable Adults

a) Immediate Medical Assistance

Niburu Recordings' clients, volunteers and/or staff seeing a person who presents as being abused or in need of immediate medical assistance must:

- Seek medical assistance for the injured person.
- Inform the Niburu Recordings Manager, who will notify the appropriate authority.
- In extreme cases, dial 999 for emergency services/police and alert Social Services (emergency desk).

b) Observing Concern

Niburu Recordings' clients, volunteers and/or staff seeing a person who presents as being abused must:

- Inform the Niburu Recordings Project Manager immediately of the incident or concern.
- The Project Manager will sensitively take steps to evaluate the reported incident or concern with the relevant individuals.
- If a child or vulnerable adult begins to disclose information about abuse, they must be listened to carefully without prompting or asking leading questions.
- Where possible, the child or vulnerable adult must be made aware that Niburu Recordings has a protection policy that limits confidentiality, necessitating communication to relevant agencies where appropriate.
- The Niburu Safeguarding Lead or Deputy must be informed immediately, and appropriate action will be taken.

c) Written Reporting

- Written records should be simple and factual.
- They should be written in ink within 24 hours, dated, signed and held confidentially and securely.

Reports MUST include:

 - Details of what occurred.
 - The date and time that the disclosure was made.
 - The full names of the people involved.
 - What was said or done and by whom.
 - Any action taken to investigate the matter.

-
- It is not the role of Niburu Recordings staff or volunteers to investigate allegations or diagnoses of abuse.
 - If the Safeguarding Lead or Deputy finds cause for concern, they will contact the appropriate authorities (the police, or the appropriate officer of Social Services).
 - Where there appears to be no cause for concern, records must be kept detailing this decision and the relevant reasons why there was no referral made to a statutory agency.

15. Other Health and Safety Measures

- Any venue and/or equipment used for activities is to be safety-checked by the appropriate Niburu Recordings Manager.
- A fire drill will be carried out at the beginning of each project.
- All participants will be made aware of safety rules specific to a particular venue, in addition to the overall safety rules.
